Dearest Dad Stainless Steel Cremation Jewelry

This beautiful piece of dad memorial jewelry is created and designed by a professional jeweler. Our jewelers create each cremation pendant one at a time with a highest level of precision and detail possible. Our keepsake pendants bring your memories to a more personal level by holding a small portion of cremated remains, a lock of hair or dried ceremonial flowers. The top of the pendant unscrews to reveal a small opening, into which ashes can be placed. It easily seals with a threaded stopper screw.

Included with this pendant is a complimentary chain, presentation box, instructions and a funnel. The use of glue is recommended to permanently seal the pendant. We encourage using a modeling glue or epoxy to make a permanent seal.

Optional Engraving

You can add optional engraving in a script or block font to the back side of your cremation jewelry. This engraving can include up to 2 lines of text with 11 characters per line. You can also add optional artwork from the choices shown in the images above.

I ordered this for my friend who had just lost her father. She was upset because she couldn't afford one from the funeral home. The funeral home was charging 160.00 dollars for them. So I got online and found this website. The item was very very nice. She is thrilled to have it. Her other family members that also could not afford them also got on here and bought 5 or 6 more and were all extremely happy with their purchases. So thank you!!!
