The picture online doesn't do justice to how beautiful it is in my hand. Engraving is more than I could have imagined. I am so happy with my selection in which I can keep our son close to me. Thank You

I just got mine in yesterday and I'm so pleased with it, I got it for my mom as a gift. I just lost both my grandparents and I know she's going to love it. This locket is great quality and holds together with 2 really strong magnets, glass on both sides, I also had enough room to put a couple little

silver heart pendants on the other side of the picture.
