Large Lighthouse Cremation Urn

Symbolic of the light that will guide your departed loved one home, this beautiful large Lighthouse cremation urn offers exquisite craftsmanship and detailing. The urn has been crafted from cold cast resin, allowing our artists to create an elegant sculpture of a rocky shore, lighthouse, and the keeper's cottage, while keeping the urn's price affordable. Featuring an antiqued bronze finish, the Lighthouse itself has been carefully striped to give it the look of classic towers. The sculpture sits atop a sturdy base, the bottom of which opens so that the cremains of the departed can be placed inside. This bottom-opening panel closes securely with four small screws and seals tightly with a rubber gasket. The bottom of the lighthouse urn is also covered with soft black felt so that it will not scratch your furniture.

Optional Engraved Plaque

Every urn should be engraved so that there is no question who the ashes inside belong to. This lighthouse urn offers two optional engraved plaques, for the front and the back, which can be written in script or block font. The front plaque can include up to four lines of text, with up to 65 characters on each. In addition, you can add optional artwork from the images shown above or a brief poem from the options below. An optional poem plaque is also available for the back of the urn. Our engraved plaques come with a strong adhesive so that you can add them to the urn after confirming that all of the engraving is accurate.

The plaque is not attached to the urn prior to shipping. This allows the freedom for each person to adhere the urn as you see fit with the included permanent adhesive.

Choosing An Engraving Example

Available on this product is an engraving example. If you choose this service, a mock-up of your engraving will be e-mailed to you within 24-business hours. This will allow you to review the text and make any changes you wish to see. Do note, the engraving will not be displayed on the product you purchase, rather it is meant to give you an idea of fonts, verbiage and layouts chosen. We will not process your order until your approval is received, your satisfaction is important!

Poem choices:

Losing You

Our hearts still ache in sadness,
And secret tears still flow,
What it meant to lose you,
No one will ever know

Never Forget

Your presence we miss
Your memories we treasure
Loving you always
Forgetting you never

Butterflies to Heaven

If butterflies could fly to Heaven
they would bring my love to you
and yours right back to me

If Tears Could Build a Stairway

If tears could build a stairway
and memories a lane
I would walk right up to Heaven
and bring you home again

Forever in My Heart

Gone, yet not forgotten
Although we are apart
Your spirit lives within me
Forever in my heart

When Someone You Love

When someone you love
becomes a memory,
the memory becomes a treasure

No Farewell Words

No farewell words were spoken,
no time to say goodbye, you were
gone before we knew it,
and only God knows why

Those We Have Held

Those we have held
in our arms for a little while,
we hold in our hearts forever

Perhaps the Stars

Perhaps the stars in the sky,
are loved ones letting us know they are near,
by guiding us through the night

If Love Could Have Saved You

If love could have
saved you, you would
have lived forever

Footprints in the Sand (Excerpt)

My precious child,

I love you and would never leave you.
During your times of trial and suffering,
when you see only one set of footprints,
it was then that I carried you.

I would have rated a 5, excellent detail and coloring on urn. My only complaint, it is tough enough to have to go thru this lose. The urn arrived with the engraveable plaques loose, not on the urn. You have the ability I would think to attach these rather than leave it to the recipient to have to put on without blowing it too badly. It wasn't easy.

We were nervous to buy this unsure if it would any good. This has exceeded our expectations it is beautiful and made very well it says up to 250 pounds and it does definitely hold perfectly a larger person with plenty of room. This was well worth it and we were not disappointed at all.
