Our pets are part of the family, so memorialize your departed feline friend with this elegant long hair cat figurine cremation urn. This urn is beautifully hand painted with an antiqued bronze finish, and crafted from cold cast resin. On top of the urn, a friendly kitty reclines comfortably, waiting to join you over the Rainbow Bridge. This urn has a bottom opening panel with four screws so that your departed pet's ashes can be placed safely inside. The bottom also is covered in soft felt to protect the surface of your furniture.

Urn Size & Filling Information

This urn is 45 cubic inches in volume making it suitable for a cat who had a healthy weight of 40 lbs. Make sure to double check the weight so that your beloved pet has the proper resting place.

On the bottom of the urn is a removable panel with a d-ring closure to secure it shut. The panel has a rubber gasket to keep the inside of the urn air-tight. To fill the urn the panel will be removed, a bag containing your loved ones remains is placed inside and the panel is put back in place.

Displaying & Burying The Urn

This urn makes a great work of art to display in your home. However, if the plan for this urn is to be buried, it is important to consider a burial container. Burial containers will protect the urn from damage when buried as it is not meant to carry the weight of burial on its own. The Crown Vault Urn Burial Containers are made

from lightweight polystyrene. It can withstand 4,300 pounds of top load pressure on a single vault! This container is designed to protect the urn and any other keepsakes inside when buried. A wide lip allows the vault to be carried easily and allows for a clean adhesive application; adhesive is included.

Personalizing This Urn

This urn has the option for an engraved plaque. The plaque is used to bring another level of personalization for a lasting family memento, passed on for generations. The addition of a loved ones name, legacy dates and their titles (father, mother, sister, brother, aunt, uncle, etc.) are most common. This cat urn features an optional engraved plaque, which has space for up to 4 lines of engraving in a script or block font. The name line can be up to 25 characters and the sentiment lines can be up to 60 characters per line. Add optional artwork to the plaque from the choices above. You may also add a poem engraved plaque to be attached to the back side of the urn.

The plaque is not attached to the urn prior to shipping. This allows the freedom for each person to adhere the urn as you see fit with the included permanent adhesive. See our [easy plaque application instructions](#) to make the process a breeze.

Choosing An Engraving Example

Available on this product is an engraving example. If you choose this service, a mock-up of your engraving will be e-mailed to you within 24-business hours. This will allow you to review the text and make any changes you wish to see. Do note, the engraving will not be displayed on the product you purchase, rather it is meant to give you an idea of fonts, verbiage and layouts chosen. We will not process your order until your approval is received, your satisfaction is important!

Poem choices:

Losing You

Our hearts still ache in sadness,
And secret tears still flow,
What it meant to lose you,
No one will ever know

Never Forget

Your presence we miss
Your memories we treasure
Loving you always
Forgetting you never

Butterflies to Heaven

If butterflies could fly to Heaven
they would bring my love to you
and yours right back to me

If Tears Could Build a Stairway

If tears could build a stairway
and memories a lane
I would walk right up to Heaven
and bring you home again

Forever in My Heart

Gone, yet not forgotten
Although we are apart
Your spirit lives within me

Forever in my heart

When Someone You Love

When someone you love
becomes a memory,
the memory becomes a treasure

No Farewell Words

No farewell words were spoken,
no time to say goodbye, you were
gone before we knew it,
and only God knows why

Those We Have Held

Those we have held
in our arms for a little while,
we hold in our hearts forever

Perhaps the Stars

Perhaps the stars in the sky,
are loved ones letting us know they are near,
by guiding us through the night

If Love Could Have Saved You

If love could have
saved you, you would
have lived forever

Truly a Perfect Memorial for Our Beloved Cat

We are thrilled with how perfect this urn is for memorializing and holding the ashes of our beloved cat. At first, we were hesitant to order it because we thought it would be too large. Our sweet boy weighed 16 pounds (16 cubic inches) when he passed. This urn is not too big and it is not overwhelming on a piece of furniture. It is a perfect size and feels and looks like it is worthy to hold the ashes of a cat who was loved deeply for over 17 years. Very good quality.

This is a beautiful final resting place for our furbaby Mikey, who we were blessed to

have in our lives for 16 years. It is high quality, though it's actually a little large for a cat and a choice of sizes would be great. Shipping was fast and it was wrapped so that it arrived in perfect condition. Overall, we are very happy with it.

I ordered this and received it. It is perfect. Looks better in person. The website was easy to use and is very detailed. Yes the engraving is stickers that you put on, but they are very nice and sturdy and thick. Once applied you would never know they were attached and not engraved into the piece. My cat was 19 lbs at the time we had to euthanize him due to cancer. His remains fit perfectly into this urn with room to spare. I was worried because most cat urns are 25 cubic inches and I have read you need more than 1 inch per pound for pets. I didn't want to have to move the remains from one bag to another. This was perfect. I would definitely recommend this and would purchase again from this company. Fast shipping and the order was well packaged and the engraving was perfect. No issues. I highly recommend.
